

Please rate your comfort level (1 being “*we covered that?!?*” to 5 being “*I could do that in my sleep*”).

**String alignment**

Least      1      2      3      4      5      Most

**Genome assembly**

Least      1      2      3      4      5      Most

**BWT**

Least      1      2      3      4      5      Most

**General tree concepts**

Least      1      2      3      4      5      Most

**UPGMA**

Least      1      2      3      4      5      Most

**Neighbor Joining**

Least      1      2      3      4      5      Most

General feedback:

**Pace**

Too slow      1      2      3      4      5      Too fast

**Homework**

Too easy      1      2      3      4      5      Too hard

**Keep:** what is something you like about the course that I should keep doing?

**Change:** what changes would help you get more out of this course?

**Other:** feedback, questions, comments, etc:
