

## Research Paper 2: Bowtie aligner with BWT

*Instructions: read the paper from the website, and with a partner, prepare an explanation for your figure. Also prepare one question for the class to answer about your figure or how it relates to our class material.*

*Due: Friday (9/25) in class (we will discuss the paper then). This sheet is for helping you organize your reading, it will not be collected.*

Briefly summarize and critique:

1. Motivation

2. Methodology

3. Results

4. Conclusions

What parts of the paper did you spend the most time on? What parts seemed skimmable?

What vocabulary from the paper were you unfamiliar with? Anything that also appeared in our first paper?
