

CSC 111:

Intro to Computer Science through Programming

Spring 2017
Prof. Sara Mathieson

Admin

- + Homework 9 and Quiz 9 are due **tomorrow**
- + Final project is due May 2
- + Remaining graded labs: Lab 10, Lab 11
- + Labs on last two days of classes: practice final
- + **Office hours today 3-4:30pm** (Ford 355, move to Ford 345)

Outline: 4/17

+ Homework 6 Examples

+ Projectile class

Homework 6 Examples

(selected by Farida)

Christine

What did Barack Obama say to Michelle when he proposed?

I don't know? What?

I don't wanna be Obama self.

Cai

Howdy there, you look like you could be a friend o' mine right quick

Oh my, but I didn't see your beautiful self sitting right over here...

Well thankfully, the town IS big enough for the two of you!

Eve

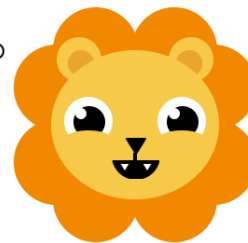

Never trust an atom

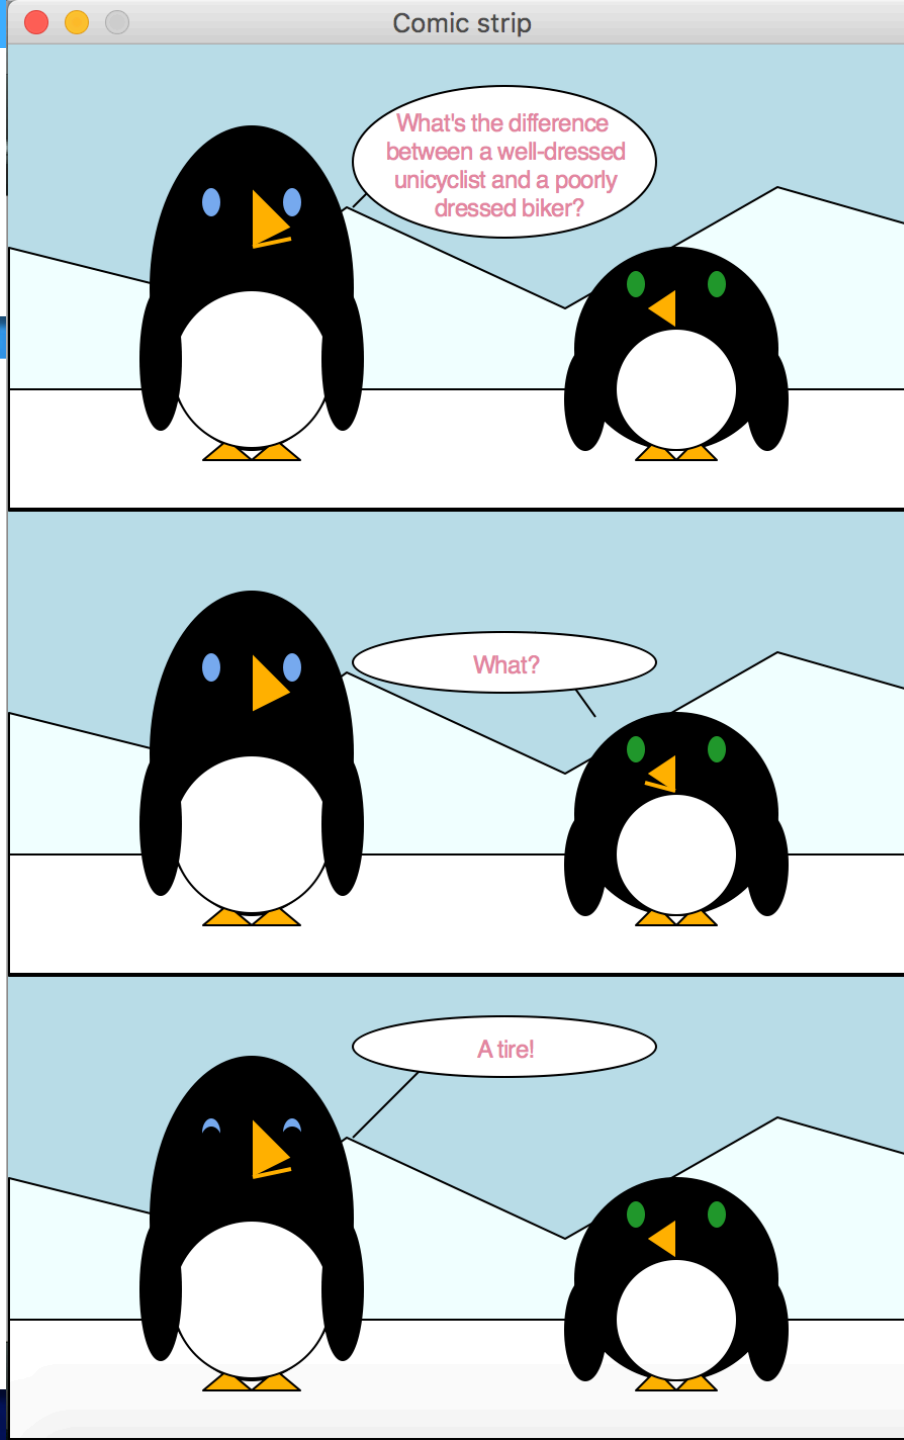

Why ?

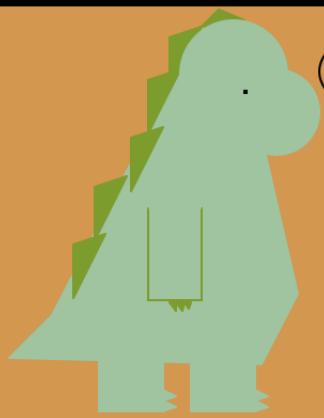

They make everything up

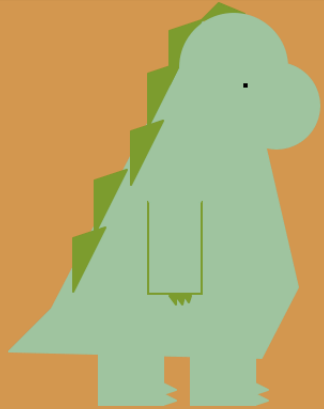

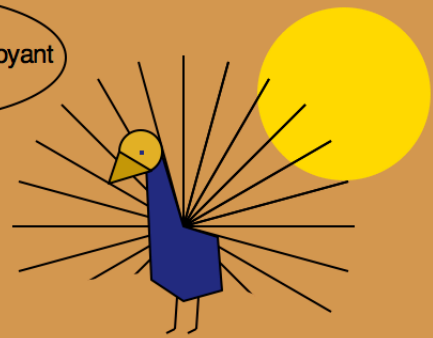

Jessica Flohr

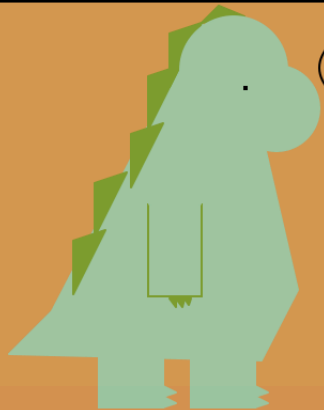

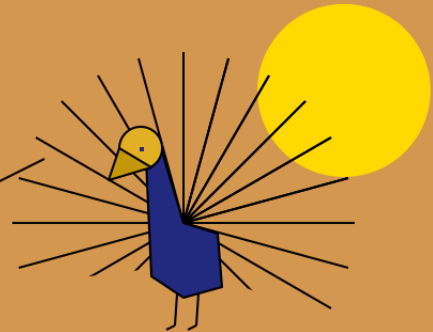

Chloe

Hey buddy,
where is your flamboyant
plumage?

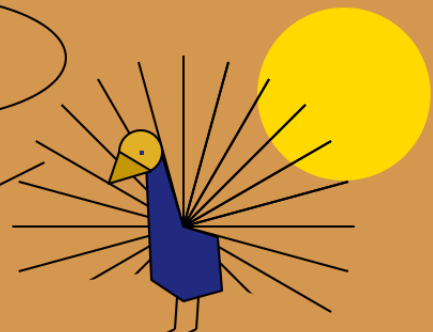

Nah, I rid of it.

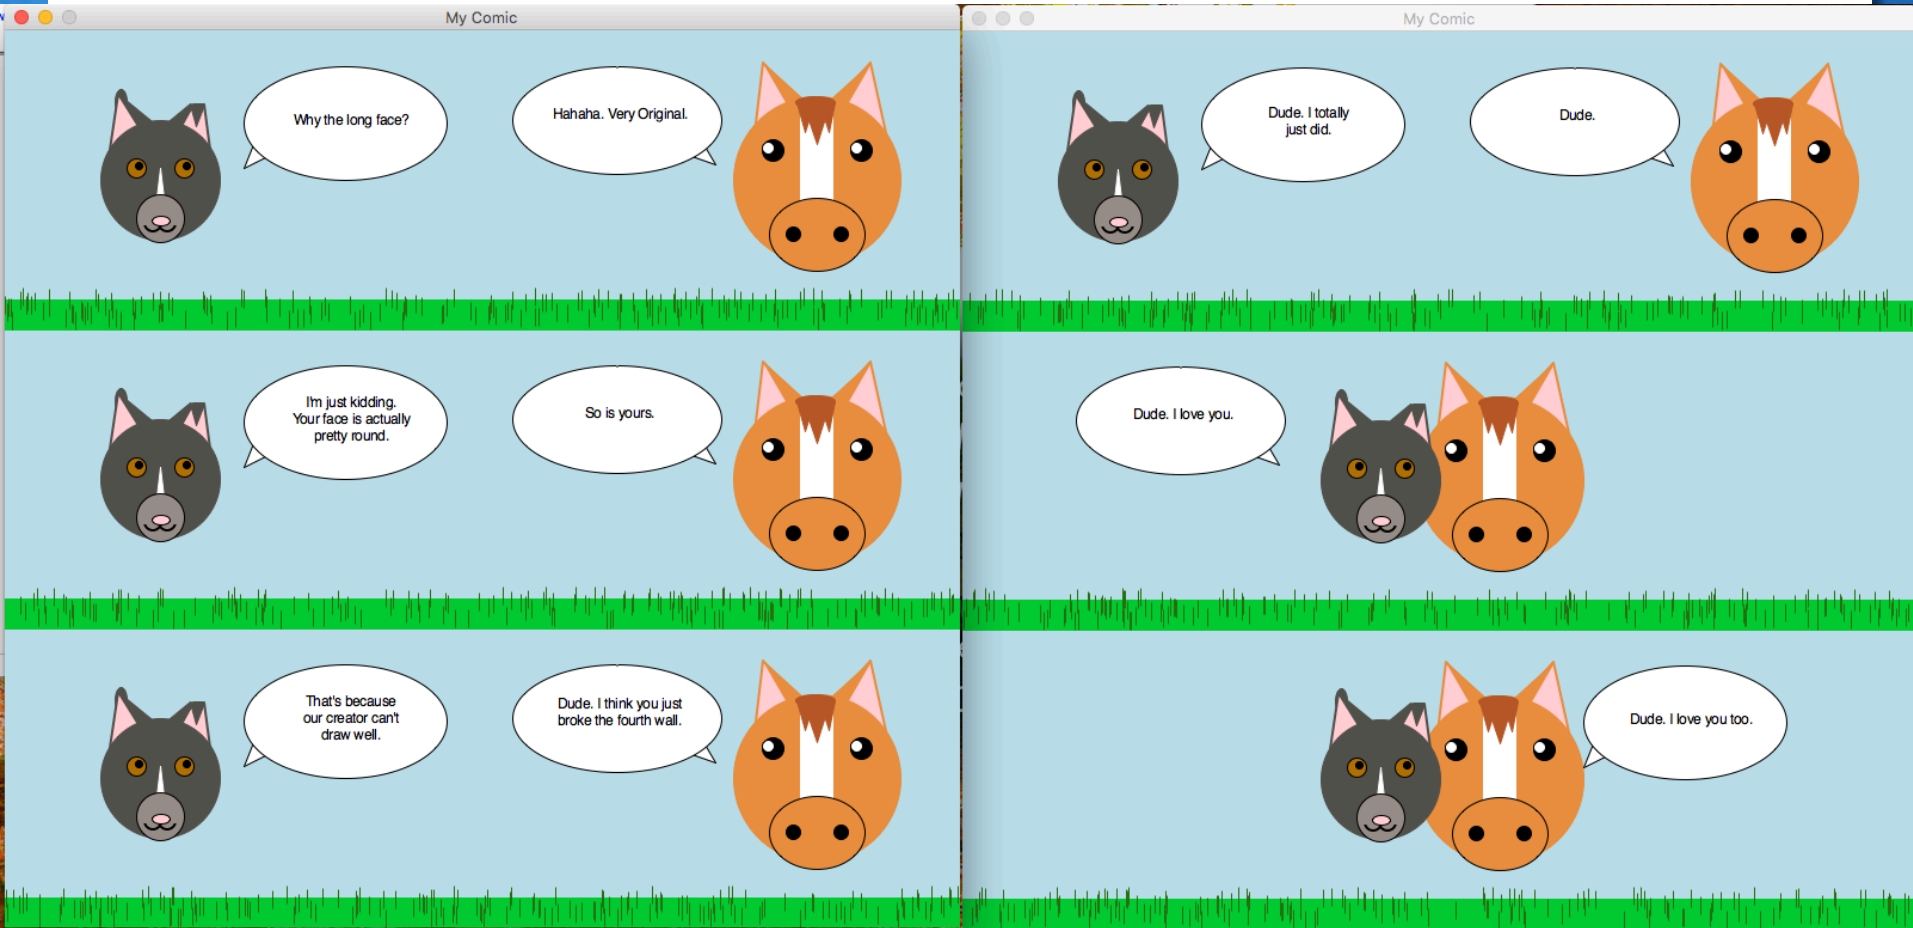

Why?

You know,
Just to be 'cool'.

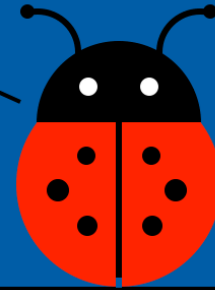

Mae

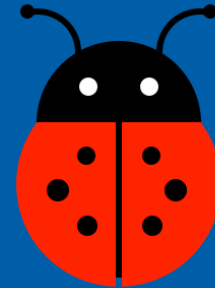

Ojaswi

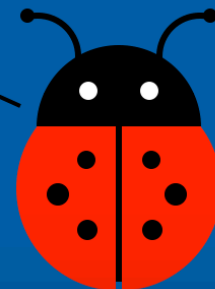

Owl always
love you.

Stop
bugging me

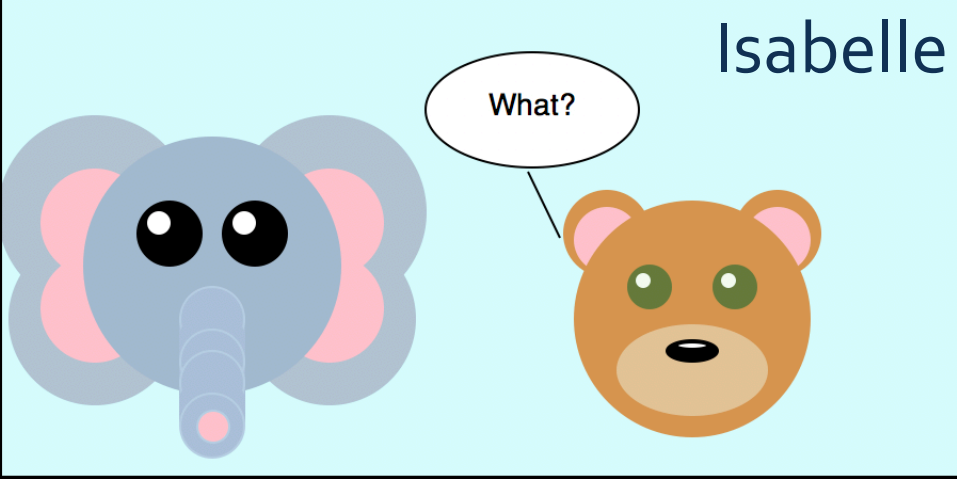

You're such
a hoot
:-)

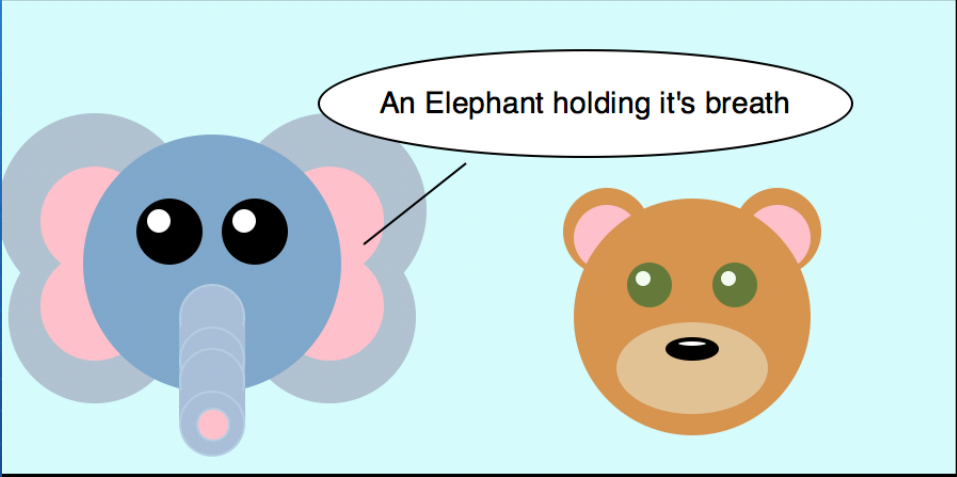

What is Grey, Blue and Very Big?

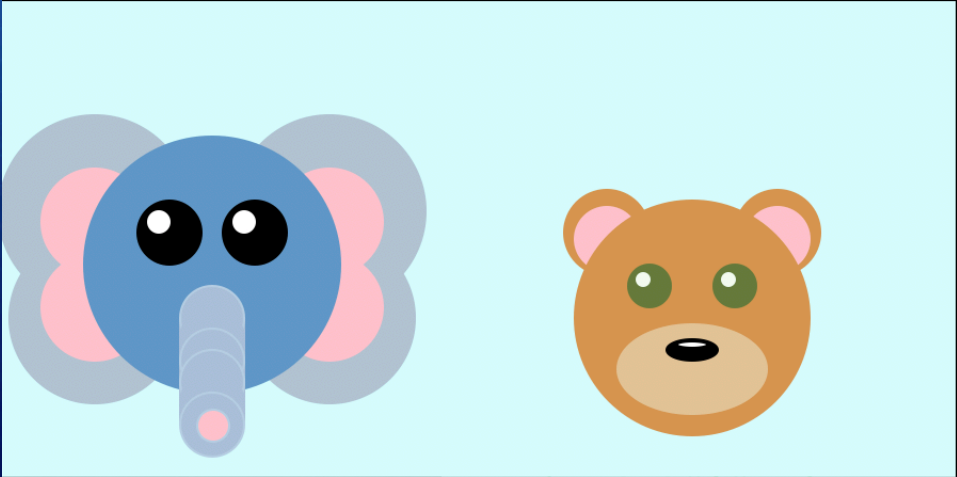

What?

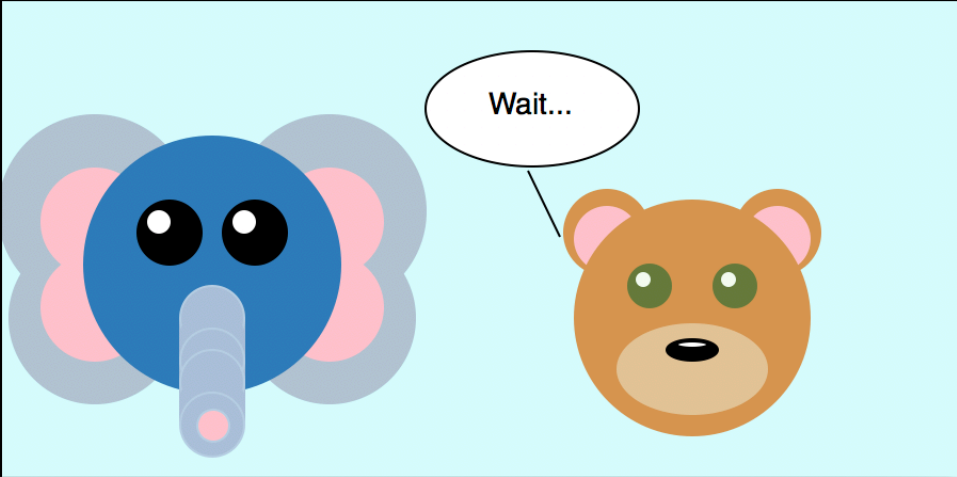

An Elephant holding it's breath

Ha ha ha ha

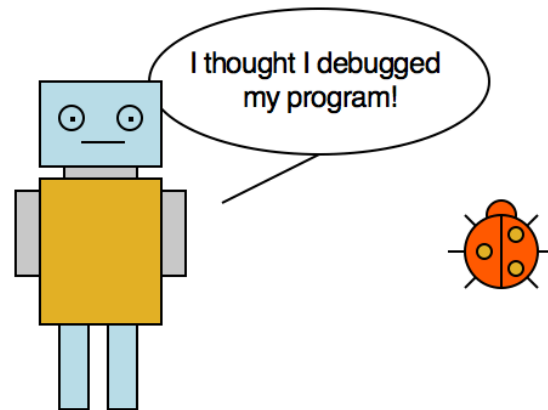

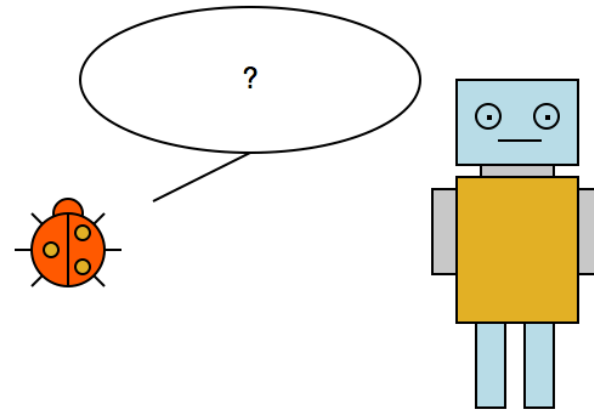

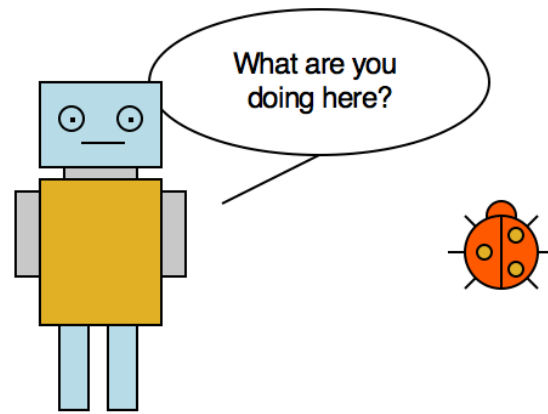

Wait...

Wait...

Elly

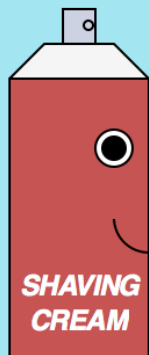

Molly

Why did the programmer get stuck in the shower?

I don't know, why?

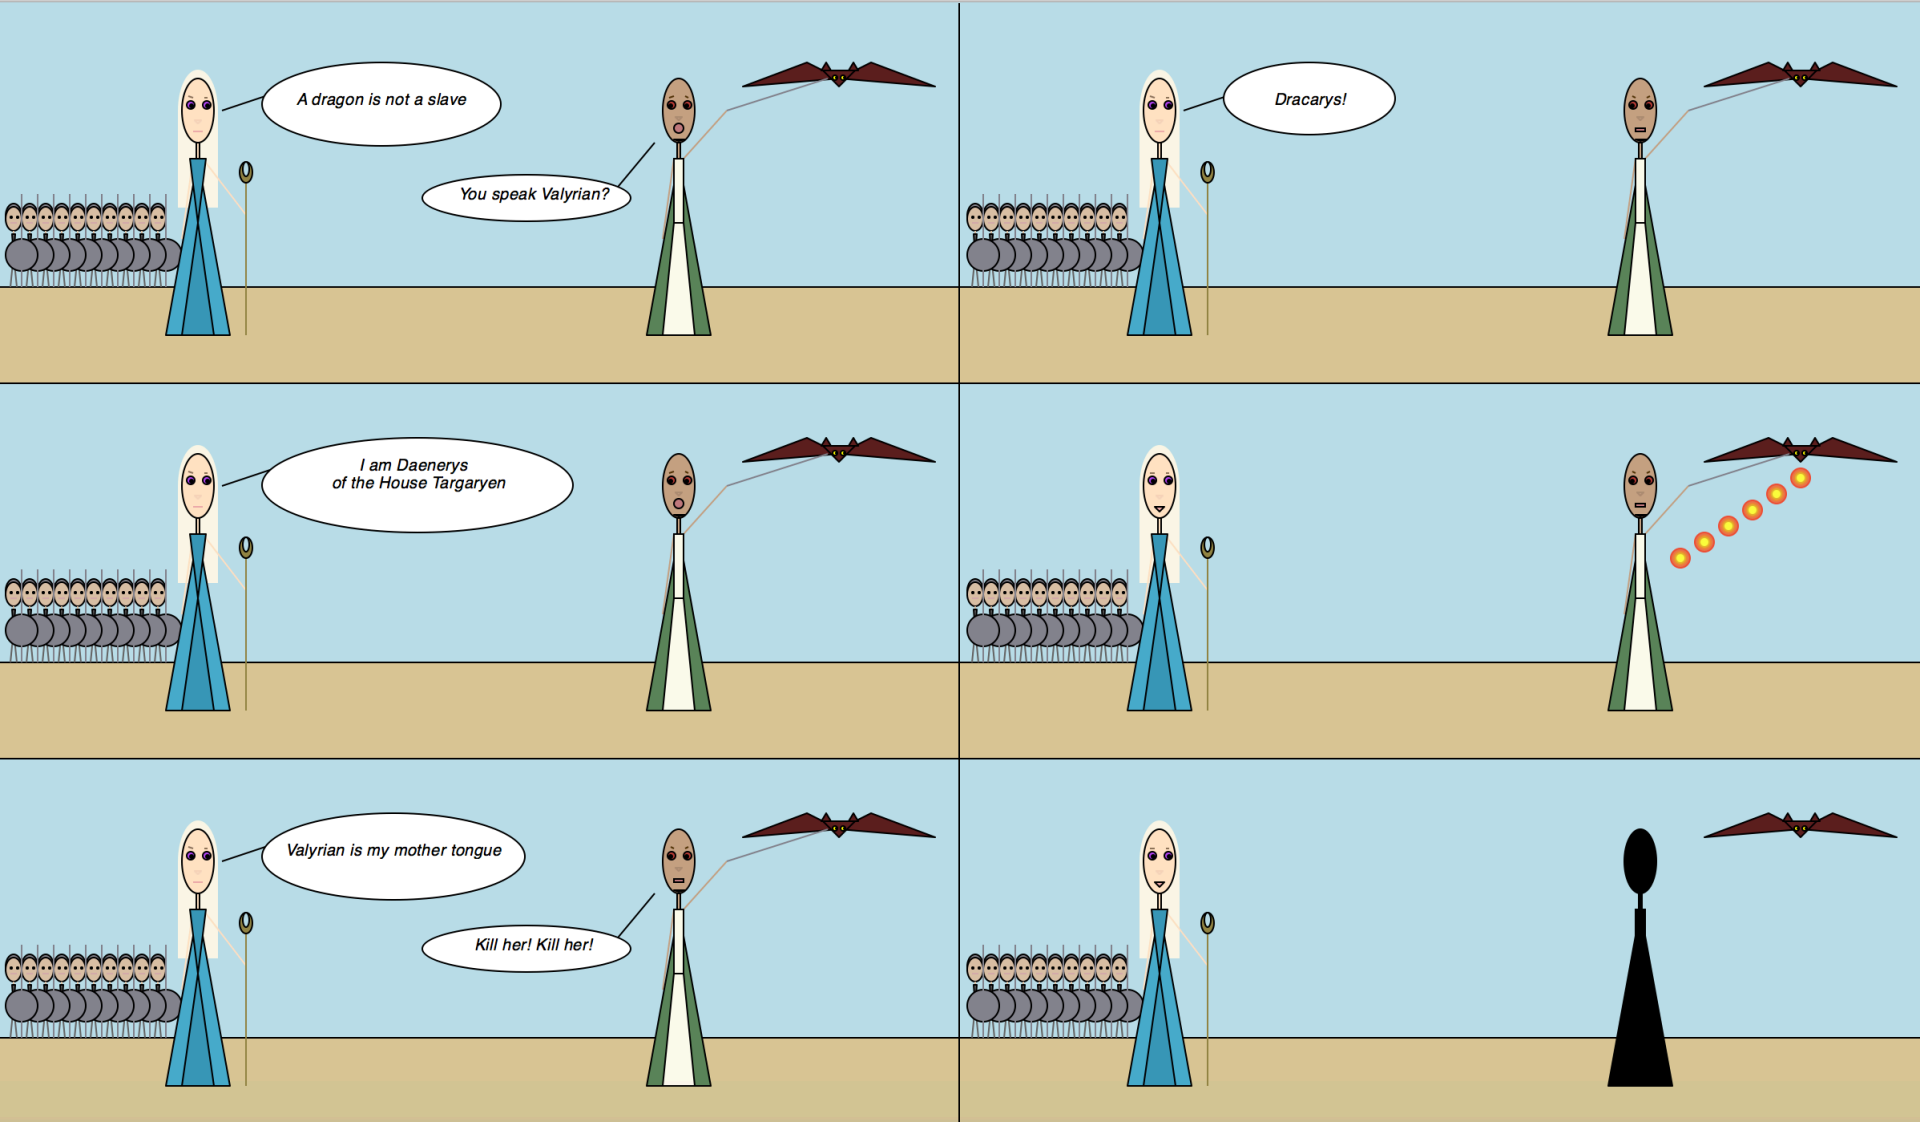

The shampoo bottle said "Lather, Rinse, Repeat!"

Blanca

Game of Thrones

Physics Example: Projectile class

Projectile class

- + Given initial velocity, height, and angle, how can we determine how far the projectile went? (i.e. R in the picture)
